

## Mini Crawlers

Used Mini Crawler Montana - We have designed numerous Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is searching for a job in the industry. Positions for crane operators are in demand because of their high pay. Crane operators are among the highest paid of whichever operator of heavy machine. Our Crane Training Schools include instruction and training for a wide variety of mobile cranes. Course content includes Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging. The program is best for crane riggers, operators as well as their supervisors. The materials included in the course will include a guidebook and numerous useful handouts. The illustrated safety guidebook consists of 100 to 250 pages, that depends on the course, of vital and useful material. Course materials consist of load charts and load chart exercises for the crane with which the individual training is working. Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most useful method to improving and developing personal skill levels. Only skilled journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of business experience. Optional testing mechanisms are provided for all of our courses. Students will usually write tests both before and after training. A skills test is usually administered for programs that include H.O.S.T. Trainees would be graded and tested. We provide certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing. Business standards of practice are evolving as new trade requirements surface. There are constant updates to legislation and regulations. Improvements in equipment and technology continue to be made. Industry data collection and analysis identify trends which are changing. Members maintain the advantage of managing their training programs and certifications. Mobile device alerts keep members abreast of personal and workplace safety news.
